Dear Fellow Villagers,

It's not a secret that we're living in unforeseen times and receiving changing information from central government. In a village like ours the implications of restrictions and advice can seriously impact the life of our community. Fortunately, we have a range of close-knit families and caring neighbours who already offer support.

However, some people will self-isolate. Others don't have families close by. Certain residents live alone. So yesterday representatives of Hensall Parish Council met members of Hensall and District Parish Nursing Service, (who have supported many of our residents during these last two and a half years) to find new ways of helping our community. This of course without disclosing any medical or other confidential information.

So, if you feel the need for some help or someone to talk to (on the phone) for a while, please contact any of these people below:
